“Space & Privacy”

This home offers an open floor plan with privacy where you want it. From the moment you park the car in your garage you will discover this home was designed for easy living. The main level offers a formal dining room with Butler’s pantry leading into the gourmet kitchen with granite countertops and a family sized island.

It’s hard not to love the screen porch with stone fireplace, main floor office and very generously sized mudroom. On the second floor you will find the laundry room and 3 bedrooms each with their own bathroom and walk-in closet. The master bath suite offers a large tiled shower and an incredible closet. The lower level is finished with a bedroom, bathroom, and oversized family room. In addition you will find plenty of storage in the unfinished space and 3-car garage. Located in Wayzata School District. (Lic. BC001327)
